

Garza Community and Families,

Our next Campus Advisory Council (“CAC”) meeting will be this **Thursday, November 13, 2025 at 4:00 p.m.** We expect that attendance will be much larger than usual, so we are moving the meeting to the **Cafeteria**.

The focus of this meeting will be community feedback on proposed changes to Garza, including relocation to the current Martin Middle School Campus. A —District representative will be in attendance.

Members of our community are invited to provide their comments and feedback on these proposed changes in two ways. First, you may submit a comment card to AISD through [this link](#). We encourage people to use this form first, as this will go directly to the District as part of their consolidation planning. If you wish to speak at the CAC meeting on Thursday, please also submit [this form](#), so that we may have some expectation of how many people wish to speak.

The CAC meeting will provide time for all community members to share feedback. The exact framework and time limitations for speaking will be shared at the CAC meeting. We expect that people who sign up to speak ahead of time (through the form linked above) will speak first.

While anyone will be able to view the meeting through the Google Meet link below, only community members that are present in person at the meeting will be able to speak at the meeting.

The agenda for the November CAC meeting is linked [here](#).
